

**This is Listening Weekend - We Want to Hear from You!**  
**From Parish Council Co-Chairs Kathy Goldenstein & Maggie Lee**

After each Mass on Saturday and Sunday, a Parish Council member is available to receive your comments and questions about parish life. These will all be shared with the full Council at our meeting on April 25. Listening Weekend is a good way for the Parish Council to find out what's on the minds of parishioners.

Here are the comments along with responses from last month's Listening Weekend:

**Fan noise makes it difficult to hear Father Kommers during Mass.**

During the winter months, the heat exchange system is supposed to be off during Mass. However, when we changed to Daylight Savings Time on March 10, the schedule wasn't adjusted, so the heat exchange was operating during Mass. That has been corrected.

**What is the status of replacing the E-Box?**

In last week's bulletin (April 14) there was a full update about plans to replace the main electric panel for the entire campus. In case you missed it here's a brief recap. The fundraising is complete, and plans are in place to replace the E-box in June. Since the electricity for the entire block needs to be shut down during the replacement, the work needs to be done when school is not in session for Quantum STEAM Academy.
